Background

The Hilti group of entities ('Hilti' or 'the Group') with its headquarters being Hilti Aktiengesellschaft ("Hilti AG") located in Liechtenstein was founded in 1941 by Martin Hilti in Schaan, Liechtenstein. The Group is now a global leading manufacturer and supplier of technology and solutions to the construction industry and related sectors. Hilti is present in over 120 countries and has more than 38,000 employees worldwide.

OS UK was founded in 2001 and is the distributor of Oglaend products in the UK. OS UK is part of the Norway-headquartered Oglaend System group of entities ("Oglaend System Group"). On August 23, 2017, Hilti AG closed a deal to buy 100% of the shares of the Oglaend Group Holdings AS. Since the closing of the deal, Hilti AG has been the 100% shareholder of the top holding company of the Oglaend Group, Øglænd Group Holding AS, Norway. The Oglaend System Group has its global headquarters in Klepp, Norway, and is a leading manufacturer and distributor of cable management solutions and multidiscipline support systems mainly for the offshore oil and gas, shipbuilding and wind energy industries. As such Oglaend's solutions are complementary to Hilti's own systems, mainly in the areas of installation and direct fastening, and should further strengthen Hilti's position in the offshore Energy and Industry segment. Oglaend was founded in 1977, employs approximately 499 people worldwide and has own operations in six countries besides Norway.
